Celebrate - Communicate - Contribute

## Young & Free

Young and Free delivered 250 goodie bags to LCCC for Students studying for finals. They were able to knock on doors at LCCC and give all of these bags away. The goodies inside the bag were all donated from Pastor Andy's Foundations Basic Class. A nice team effort all around. What a HUGE impact in our local community!

## Leading Ladies

We love shopping but there's no comparison when you get to shop for women that are working towards self-sufficiency! Leading Ladies applied for an Element Outreach Grant and were able to use the money to buy professional clothing for Julie's Closet. The best part is that they didn't know how much money we had received and were only expecting a couple of items. Boy were they surprised!

Kim Miller came to pick up the items and noticed the Element Store right away. She thought we just had items for sale and was completely speechless when we told her that all the items were for Julie's Closet. In fact, she actually just stood there looking at the clothing for several minutes, trying to wrap her brain around it! It was AWESOME! Thank you to Element Outreach for providing this amazing opportunity to lead the way in generosity! We truly have no idea how this will touch lives within our community and we continue to pray that this act will bring glory to God's name!

## Foundations Leadership Outreach Event

Foundations Basic is an 8 week class taught by Pastor Andy that focuses on questions like: Who is God?

Recently this group of people went down to our local homeless shelter and fed the residents there. this is what Pastor Andy said about the experience:

" We served dinner on a Tuesday Night at the Comea Shelter. Our normal group is 10 people, we had 8 people that night from our group that served dinner to 50 people at Comea. It was a HUGE blessing for our group to serve, and it was obvious that the folks at Comea were very thankful for the extra help that night".
